

ABOUT US

We provide outpatient physical and occupational therapy services to residents of Connecticut. We are mobile--we bring the tools of the clinic to you! Save time and money by having us do the traveling. **Therapists travel is at no additional cost**

Insurance Covers our Services

We are a Medicare provider under Part B, and are a HUSKY approved provider. We accept private payment and Health Saving/Flex Spending Account cards.

Additional insurances are pending--call us to see if we accept your insurance.

Outpatient Therapy At Home

Our physical therapy and occupational therapy staff bring the clinic to you.

We provide the same therapy you would receive in an outpatient clinic, but we provide it in the comfort of your home.

You have the right to request your therapy provider--save yourself time, money, and stress by requesting Outpatient Mobile Solutions

THERAPY
SOLUTION**

OUR SERVICES

Outpatient Mobile Solutions, Inc. was created to relieve individuals of the inconvenience, stress, and cost that comes with getting therapy. You do not have to be stuck at home to qualify for our therapy, and you do not have to go to a clinic. **Give up the ride, not the care**, with Outpatient Mobile Solutions.

Our Mission

Our mission is to provide quality mobile outpatient therapy services to clients in the convenience of their home in order to eliminate the hardship, stress, and cost of transportation for therapy recipients who want to improve or maintain their quality of life, function, and health.

How are we different?

We send a therapist to your home to provide therapy in your environment. **Your therapist's travel is at no extra cost to you, and insurance covers our services.** We save you time, energy, stress, and money!

Our therapists bring all the necessary equipment to you, at no additional cost.

It is our pleasure to help you.

Give up the drive, not the care

Our customers--All Ages, All Conditions

● Acute or Chronic Conditions

Acute and chronic conditions can negatively impact a person's life. Arthritis, COPD, stroke, pneumonia, heart attack, fall, dementia, frozen shoulder, pain, muscle sprain/tear, nerve impingement, and developmental delay are just a few diagnoses that could necessitate therapy.

● Pre-Op or Post-Operative

Some of our client are trying physical or occupational therapy as a conservative treatment to avoid or delay surgery. Other clients have had surgery to repair or correct a problem. In either case, we can work with you and your doctor to maximize your functional outcome without you leaving your home.

Symptoms that may benefit from therapy:

- Pain
 - Weakness
 - Altered sensation (ie, numbness)
 - Poor posture
 - Decreased coordination/dexterity
 - Falls
 - Inability or difficulty doing something (loss in function)
 - Difficulty sleeping
 - Decreased range of motion
 - Poor endurance
 - Memory problems
 - A new diagnosis
 - Surgery
- ...and more!

Why choose us:

- We save you time, stress, and money
- We can maximize your therapy outcome
- We have extended hours, 7am-7pm, Sunday through Saturday
- You no longer have to be "home-bound" to have therapy at home
- We offer convenience without a cost
- Practice doing difficult things with your therapist, without simulating in a clinic
- We provide the same therapy you would get at a clinic, but without the distractions
- Work 1:1 with our personable, qualified therapists that want you to succeed
- We work with Quality Homemakers, Inc. to facilitate a successful continuum of care, as indicated for our clients
